Hi @Pedro Cardoso ,

Mr @Ricardo Filipe Martins made a study about the data we already have in our database. These data are available on the document https://docs.google.com/spreadsheets/d/1hIggvToA8dZkfTZITJqNaNV3SAOQJmOlDTemVZ993JU/edit?gid=931927630#gid=931927630, and it could be used on the rollback - if needed.

Here, I am adding all these tenants data in a JSON format, which are the result of our API GET Tenant!
