# Create SRE-managed Static Secrets for wiz-sensor (negative rigns)

Completed
Done

Improve Request For Change

## Key details

General | CAB Review | Maintenance & Operations

Special Procedure Guidelines

**PLEASE DO NOT CLONE REQUESTS FOR CHANGE** - if you do it, automations will not be triggered and wrong information from the origin RFC will be replicated wrongly to the new RFC.

| Change risk | Low |
| Change Category | Add option |
| Description | |

In order to deploy Wiz Sensor on the negative rings the GRS team needs SRE to add some API keys in the SRE parameter store.
We can't use Secrets Store CSI driver because the Wiz Sensor doesn't currently support it.
