Improve Request For Change

Key details

General | CAB Review | Maintenance & Operations

Special Procedure Guidelines

PLEASE DO NOT CLONE REQUESTS FOR CHANGE - if you do it, automations will not be triggered and wrong information from the origin RFC will be replicated wrongly to the new RFC.

Change risk	Low
Change Category	Rollback

Description

We are experiencing an issue with the Icons Widget where the icon size does not update as expected. This regression was introduced in v18.490.0 and is currently affecting several customers in the EA ring. Therefore, a rollback is the fastest way to unblock these clients. We need to rollback the DU's version 1.0.491. cc: @Rita Tinoco
